FREQUENTLY ASKED QUESTIONS

How many classes do I get per month?

Our yearly tuition is calculated based on each class meeting for thirty two classes per year (approximately 3.2 classes per month). Some months may have as little as two class meetings, while other months may have as many as five. The yearly rate is broken down into ten equal monthly installments for your convenience.

Why do I pay tuition in June if my class doesn't meet that month?

Our yearly tuition is based on the total number of classes offered for the year and broken down into ten equal monthly payments for your convenience. It is not based on the number of classes in a given month.
